

Oneida Health
exceptional care... always

July 17, 2021

Dear Family Member,

I wanted to give you a quick COVID update. As of today, we have had no new positive cases. We remain cautious and are exercising the required infection control protocols. As of right now, we are continuing to require scheduled in-person visits. I am aware that this is not ideal and can be very frustrating and inconvenient. We are currently working on a new visitor plan that will be more flexible and accommodating and hope to share that with you early next week. Until then, I ask that you be patient with our process. Enjoy your weekend and be on the lookout for our revised visitor plan next week.

Sincerely,

Fortunato Scerbo III

Administrator
