

May 25, 2020

Dear Fellow Employee,

Today we celebrate Memorial Day to honor our service women and men who dedicate themselves to our country, serving at home and in faraway lands. We have a number of our providers and staff who have served in the military and now continue to serve as a healthcare service provider. Please join me and thank all of our veterans for their service, protecting our way of life, keeping us free. Today, there was a short news clip of the trumpet player at Arlington Cemetery honoring those who have fallen while serving our country. What a special recognition for very special countrywomen and countrymen.

In regards to our crisis here at home, we received a number of results back and our streak of negatives has come to an end. We have teste 1993 individuals, 1843 negative, 141 positives with only 9 pending. We received 96 results today as follows: Elective surgery 58/1 pos., Inpatient 12/1 inconclusive, ED 7/0 pos., Practices 9/1 pos., and ECF 7/0 pos. We currently have 1 positive inpatient with 4 inpatients pending. The Virus continues to be out there so please take the necessary precautions.

Again, thank you to those at work today caring for our patients and residents.

With Sincerest Gratitude,

Gene F. Morreale
President and CEO
