堡 Oneida Health

## Important Information about Paying for Your Care at Oneida Health, Health Centers, and Specialty Care Services

Oneida Health is a participating provider in many health plan networks. You can find a list of the plans in which we participate at <u>https://www.oneidahealth.org</u>. Some health plans use smaller networks for certain products they offer so it is important to check whether we participate in the specific plan you are covered by. Our list will tell you if we do not participate in all of a health plan's products. It is important to check with your insurance company if you are unsure.

It is important for you to know that the Provider services you receive in the hospital are not included in the hospital's charges. Providers who provide services at the hospital may be independent or they may be employed by the hospital. Providers bill for their services separately and may or may not participate in the same health plans as the hospital.

It is also important for you to know that the Provider services you receive in the office may not be the only service that you might receive a bill for, and you may be billed by other providers. Providers bill for their services separately and may or may not participate in the same health plans as the hospital

You should check with the Provider arranging your healthcare services to determine which plans that Provider participates in. Plan participation information for Providers employed by the hospital can be found at <u>https://www.oneidahealth.org</u>. Oneida Health contracts with a number of Provider groups, such as anesthesiologists, radiologists and pathologists, to provide services. Contact information for the Provider groups the hospital has contracted with is available at **www.oneidahealth.org**. You should contact these groups directly to find out which health plans they participate in.

You should also check with the Provider arranging for your services to determine whether the services of any other Providers will be required for your care. Your Provider can provide you with the name, practice name, mailing address and telephone number of any Providers whose services may be needed. The services of any Providers employed or contracted by Oneida Health that may be needed include anesthesiologists, radiologists, pathologists and telemedicine. Contact information for these Providers is available in this attachment and at **www.oneidahealth.org.** You should contact these groups directly to find out which health plans they participate in.

If you are an uninsured or self-pay individual, a provider or facility must give you a "good faith estimate" for scheduled procedures. You are generally considered an uninsured or self-pay individual if you do not have health insurance, or do not plan to use your insurance to pay for a medical item or service. If the good faith estimate is \$400 for any provider or facility than the total expected charges for that provider or facility listed on the good faith estimate, you may request a payment review and decision from an independent company certified by HHS via the patient-provider dispute resolution (PPDR) process.

Hospitals are required by law to make available information about their standard charges for the items and services they provide. This information is available at <u>www.oneidahealth.org</u> or by contacting our Patient Scheduling Department at 315-361-2290. If you do not have health insurance, you may be eligible for assistance in paying your hospital bills. Information about financial assistance is available at **www.oneidahealth.org** or you may contact our customer service representatives who are available to assist you as follows:

<u>Oneida Health</u> Customer Service Representatives Monday – Friday 9am - 5pm (315) 361-2087 Certified Application Counselor & Financial Assistance Monday – Friday 7:30am – 3:30 pm Or by appointment (315) 361-2230

<u>Oneida Medical Services,</u> <u>Oneida Medical Practice</u> Customer Service Representative Monday – Friday 8am – 4:30 pm (315) 214-2888
